State Parks Division

CONSTRUCTION NOTICE

North Rio Mora Day-Use Area Improvements

Please note that improvements to the North Rio Mora Day-Use Area will begin **the beginning of November, 2024** and continue through **May, 2025**. Improvements will include upgrades to the parking area, fencing, and signage. Once construction is complete, the parking area will provide designated access to and from the highway, along with expanding and better defining the parking.

Construction will be fenced within the area around the existing parking areas. Parking at the day-use site **will not** be available, however, walk-in access to the river will be allowed. Please use caution around the construction area, and be advised that Angler Access Parking is still available at the Willow Creek and Bert Clancy Recreation Areas.

If you have further questions, please contact Cheryl Kolls, Central Region Manager, (505) 629-5659.

Thank you for your cooperation.
